

At a meeting of the South Australian Rowing Association it was decided to hold a schoolboys' race, to be called the "Girdlestone School Fours" at the Autumn Regatta this year. We entered two crews in the Autumn Regatta. They were as follows:—

#### FIRST CREW.

A. D. Williams (bow), 9 st. 10 lb.  
F. C. Muirhead (2), 10 st. 3 lb.  
H. B. Carr (3), 12 st. 4 lb.  
A. L. Webb (stroke), 9 st. 8 lb.  
W. S. Vincent (cox), 6 st. 4 lb.

#### SECOND CREW (Fixed Seats).

R. G. Miller (bow), 11 st.  
H. O. Killicoat (2), 9 st. 8 lb.  
H. R. Scarfe (3), 12 st.  
G. C. Barnard (stroke), 10 st. 8 lb.  
W. S. Kidman (cox), 6 st. 2 lb.

The Firsts rowed in the Girdlestone School Fours. This

race is rowed on slides, and the course is from the Weir to opposite St. Peter's landing stage.

At the start we gained a lead of six inches. At Morphett Street Bridge our opponents (Adelaide High School) led by a few inches. At Long's Point Saints quickened up (Mr. Hills shouted this advice from the bank). Going through the City Bridge High School cox unfortunately took the south side of a buoy, thereby gaining at least a length. The judge's verdict was six inches in favour of Adelaide High School. The judge on the City Bridge, however, noticed High School had shortened their course, and, though we entered no protest the race was awarded to St. Peter's, who thoroughly deserved their win. Cox steered a good course.
